

Official Wi-Fi Competition

How to prepare your *Pokémon Black Version* or *Pokémon White Version* game for the competition after entering.

Set Up Your Battle Box!

Once in the game, go to a Pokémon Center and access the PC. Choose "Amanita's PC" or "Someone's PC," then choose "Battle Box." Choose up to 6 Pokémon and move them to your Battle Box, then close the PC menu.

Download Your Digital Player ID!

From the main menu of *Pokémon Black Version* or *Pokémon White Version*, select "BATTLE COMPETITION," then "To the Wi-Fi Competition" and choose "Participate." Follow the prompts to connect to Nintendo Wi-Fi Connection and download your Digital Player ID. After downloading, do not turn off the power until your game has saved.

Register your Battle Box!

After downloading your Digital Player ID, confirm that the Pokémon in your Battle Box are the ones you want to use in the competition and then register your Battle Box. *Once your Battle Box has been registered, it will be locked until the competition is completed.

Participate in the Competition!

Once the competition starts, go to the main menu of *Pokémon Black Version* or *Pokémon White Version* and choose "BATTLE COMPETITION," then "To the Wi-Fi Competition," then "Participate." Follow the prompts to connect to Nintendo Wi-Fi Connection and then choose "Battle" from the menu to be matched with an opponent.
